

DSKI's Årsmøde 2023 - onsdag 15. marts

- 09.00-10.00 Ankomst med kaffe og brød
10.00-10.10 Velkomst ved Betina Sørensen - formand for DSKI

Session I Cellulær og regenerativ terapi

- 10.10-10.55: **Using embryonic stem cells to repair the human *brain***

Agnete Kirkeby, group leader and associate professor at the Novo Nordisk Foundation Center for Stem Cell Medicine (reNEW) and the Department of Neuroscience, University of Copenhagen and the Wallenberg Center for Molecular Medicine, Lund University

Moderator: Patrick Terrence Brooks, RH

- 10.55-11.40 **Correcting the Code: Navigating the Advantages and Challenges of Prime Editing in Hematopoietic Stem Cells**

Jacob Giehm Mikkelsen, PhD, professor at the Department of Biomedicine, Aarhus University

Moderator: Stine Fischer Fogsgaard, AAUH

- 11.45-12.45 **Frokost**

Session II Personlig medicin

- 12.45-13.05 **Copenhagen Hospital Biobank (CHB) & the Danish Blood Donor Study (DBDS) – unique platforms for genomics/multi-omics research and discoveries**

Sisse Rye Ostrowski, overlæge, ph.d., dr.med., forskningsleder, Afdeling for Klinisk Immunologi, Rigshospitalet. Professor ved Institut for Klinisk Medicin, Københavns Universitet. Studieleder for Master i Personlig Medicin

Moderator: Christian Erikstrup, AUH

- 13.05-13.50 **Scaling the Discovery of Genetic Mechanisms of Complex Diseases and Opportunities for Integration with Danish Biobanks**

Kasper Lage, ph.d., MBA, Managing Director of the Novo Nordisk Foundation Center for Genomic Mechanisms of Disease, Director of Bioinformatics at the Department of Surgery, Massachusetts General Hospital, Associate Professor at Harvard Medical School, and in the Leadership Group of the Stanley Center for Psychiatric Research at Broad Institute

Moderator: Sisse Rye Ostrowski, RH

- 13.50-14.05 **Kaffepause**

14.05-14.50 The Application of Single Cell and Spatial RNA Sequencing on Clinical Studies

Lin Lin, ph.d., associate professor Steno Diabetes Center, Aarhus Universitetshospital og Institut for Biomedicin, Aarhus Universitet

Moderator: Patrick Terrence Brooks, RH

15.00-15.50 Regionerne rundt

Moderator: Johanne Baatrup, AUH

15.50-17.30 Udvalgsmøder og pause

17.30-18.30 Velkomstdrinks og underholdning

18.30 Middag

DSKIs Årsmøde 2023 - torsdag 16. marts

09.00-10.30 Generalforsamling

10.30-10.40 Pause

10.40-11.10 Titel: Lifestyle and biomarkers in the DBDS

Bertram Dalskov Kjerulff, Ph.d. studerende, AUH

Moderator: Ole Birger Pedersen, SUH

11.10-11.30 Titel: Plasmaferese og infektioner

Kathrine Agergård Kaspersen, ph.d., post.doc., AUH

Moderator: Ole Birger Pedersen, SUH

11.30-12.30 Frokost

12.30-13.00 Titel: Autoimmun neutropeni: Genetisk variation og antistofspecifitet

Kirstine Kløve-Mogensen, Ph.d. studerende, AAUH

Moderator: Jens Magnus Bernth-Jensen, AUH

13.00-13.25 Målbeskrivelsen i Klinisk immunologi – en opdatering

Christine Nilsson, afdelingslæge, klinisk immunologi, OUH

Moderator: Patrick Terrence Brooks, RH

13.25-13.40 Pause

13.40-14.10 Mulige fælleselementer på tværs af de parakliniske specialer, et klinisk biokemisk perspektiv

Nete Hornung, Cheflæge, Klinisk lektor, MPG, ph.d., Blodprøver og Biokemi, Gødstrup

Moderator: Christine Nilsson, OUH

14.10-14.45 Debat: Fremtiden for lægelig videreuddannelse i de parakliniske specialer

Moderator: Søren Lillevang, OUH

14.45- Kaffe og kage

Årsmødet slutter herefter, men man er velkommen til at blive til evt. udvalgmøde el. lign
